INDUSTRIAL  
FLOOR  
COATINGS

## Seamless coating systems combine performance, versatility

For high-demand commercial and industrial settings, Morritex is the optimum coating system designed for your conditions. Whether your surface must tolerate significant traffic, large equipment, abrasion, or harsh chemicals, Sika offers versatile systems that fit your environment.

- *Highly customizable, component-based coating systems*
- *Variety of colors, surface textures, gloss levels*
- *Easy-to-maintain, seamless surface*
- *Improves light reflectance and facility aesthetics*
- *Abrasion, chemical & impact resistant*

**Sika**<sup>®</sup>

# Morritex®

## INDUSTRIAL FLOORING SYSTEMS

### Concrete Coating Systems

Morritex is synonymous with functionality. Whatever your needs for durability and finishes, Sika can provide a floor that does the job.

#### MORRITEX® HD

*Resin rich, aggregate filled floor resurfacer with high density and compressive strength for exceptional durability. This USDA approved, 100% solids, solvent-free flooring system provides good slip resistance and is offered in an array of colors.*

#### MORRITEX® CS

*Fully customizable, high performance coating system applied at thicknesses between 8 and 80 mils. Finish, texture, color and performance determined according to specific system needs/requirements. Morritex CS systems offer excellent abrasion, chemical and impact resistance with a variety of finishes offered, including satin, orange peel and gloss.*

#### Finish Coat(s)

##### SELECT COATING

An **epoxy** or **urethane** finish coating suited to your application:

- Glossy, satin finishes
- Varying levels of UV resistance
- Varying levels of abrasion resistance
- Varying levels of chemical resistance
- Low VOC formulations

#### Primers, Membranes, Patching & Filling

##### OPTIONAL

Surface repair with Sikafloor® Epo-Rok® Epoxy Mortar and/or Sikadur® 51 Semi-Rigid Joint Filler

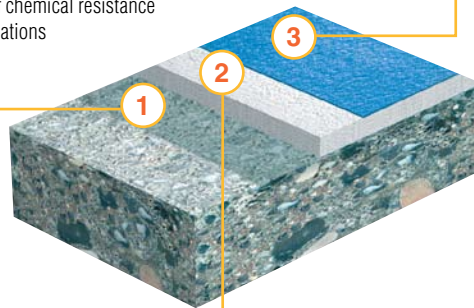

##### SELECT PRIMER

**PR-7 Flex Prime** low VOC, low viscosity epoxy primer, specially formulated to form a tough, flexible, stress-relieving film

**Fast Track Primer** water-based epoxy primer suited for use over green concrete

##### OPTIONAL

**MRW** Flexible Urethane Membrane, suited for use as a waterproofing membrane

#### Base Coat(s)

##### SELECT COATING

An **epoxy** or **urethane** coating suited to your application:

- Thin mil, medium build or high build
- Fast cure formulations
- Low VOC formulations

##### OPTIONAL

If desired, aggregate may be broadcast into the wet coating for enhanced slip resistance, durability & compressive strength. (See also, Morritex® HD System.)

#### TYPICAL APPLICATIONS

COMMERCIAL & INSTITUTIONAL	
business office buildings	
cafeterias/restaurants	
correctional institutions	■
retail & shopping centers	
schools/education facilities	■
sports & entertainment venues	■
HEALTH CARE	
animal holding facilities	■
health care facilities	
veterinary clinics	■
INDUSTRIAL & MANUFACTURING	
beverage processing	■
chemical processing	■
electronics	
food processing	■
manufacturing, heavy	■
manufacturing, light	■
pharmaceutical production	■
water treatment	■
TRANSPORTATION	
aircraft hangars	■
automotive dealerships	■
transportation terminals	■
vehicle maintenance areas	■
COMMON AREAS	
aisleways/corridors	■
break rooms	
chemical areas	■
clean rooms	■
cold storage	
kitchens, industrial/commercial	
laboratories	■
loading docks	■
lobby areas	■
mechanical rooms	■
mezzanines	■
restrooms & shower areas	■
warehouse/distribution	■
